

TITLE IX STAFF

The Title IX Office is dedicated to promoting equity at Marian University, which includes coordinating our efforts to prevent and effectively respond to all forms of sexual misconduct—including sexual assault, sexual harassment, dating and domestic violence, and stalking—impacting students, staff, faculty and visitors.

You can talk with the Title IX Coordinator who will list for you options you can select in addressing your concerns. Furthermore, the Coordinator will assist you in making a decision of how to proceed with a report or formal complaint. The individuals below stand ready to help you in a caring and private manner.
